Summer 2023

## 2023 — We're off and running

Welcome to 2023! After celebrating participant and staff achievements at our 2022 Christmas Party (see *pages 6-9*) and a short, quieter period over the new year, 2023 has started with energy and excitement for the year ahead.

A few highlights of our plans are listed here in relation to the goals in our Strategic Plan 2021-25:

### Quality at the Core

- Continuing to provide the best support we can in the HomePlace way to the 57 people we serve.

### Growing the HomePlace Community and supports

- Transitioning a new participant to the HomePlace community, and increasing supports to a number of current participants over the next few months.

## Partnerships and Collaborations

- Hopefully being successful in our application to become a Concierge provider to tenants living with disability in a soon-to-be-completed apartment complex.
- Celebrating our collaboration with Specialist Disability Accommodation provider, New Dawn Housing, when two participants we support move into their brand new home in May/June.

## Thriving over the long term

- Implementing more improvements in the way we do things. Some examples include introducing Easy Read versions of our service agreements and rosters of care.

## Events on the HomePlace Calendar are always special. Please see the invitations for our:

- Autumn Barbecue for all the participants we support and their families, on Friday 14<sup>th</sup> April 2023, 5.30pm – 8:00pm.
- Family Forum for parents and family members of people we support on Wednesday 10<sup>th</sup> of May. The topic for the night is 'estate and will planning'. Highly respected local and interstate lawyers experienced in working with families in the disability sector will be speaking and responding to questions on these important issues. More details to be confirmed.
- Save the date – Winter at HomePlace, Friday 7<sup>th</sup> of July, 5:30-8:00pm.

## HomePlace's Independent Visitor program

In 2022, we started our Independent Visitor Strategy. Modelled on the Community Visitor Scheme, Mr Tony Rankine, visited six people we supported during the year. These visits enabled the participants to share their thoughts on the support they were receiving from HomePlace, and whether improvements need to be made so that they can lead a better life. It provided Mr Rankine an opportunity to make sure the participants were safe, healthy and leading an active life.

Reports from the visits have provided valuable feedback regarding participant safety, health and well-being and areas for improvement.

In late January 2023, a second visitor, Ms Leslie Wightman, started. Many of you will know Leslie from her time on the HomePlace Board. With the addition of Leslie's skills and capacity, the Visitor Strategy will enable two visits for each of the six participants in 2023.

If you would like to have a visit from Tony or Leslie, please let your Senior Coordinator know.

## HomePlace Listens 2023

It's really important to everyone at HomePlace that our staff 'live and breathe' our Home Place Values of:

### Respect:

For the unique identity of the individual

### Trust:

Being honest and reliable

### Safety:

Protection against abuse, violence, neglect and exploitation

### Partnership:

Achieving outcomes by working together

Later in 2023, we will be starting our HomePlace Listens 2023 project. This will be the third time HomePlace has engaged someone external to HomePlace, to meet with participants, family members, guardians, support coordinators and staff, to find out:

- Are we truly demonstrating our values in everything we do?
- What things are we doing well?
- Where and how could we be better?
- Suggestions for new or different services or supports we could provide that would make a positive

difference to people living with an intellectual disability or cognitive impairment.

We hope that through the contribution of your thoughts and ideas to this project, we can make HomePlace even better in the years to come.

Have a brilliant 2023 everyone!
