

Innovative Shared Supports

We support people living with intellectual disability and other disabilities to live safely, confidently, and independently, in places they are proud to call 'home'.

We provide support and services across Adelaide, SA, tailored to each person with the aim that they can take their rightful place at the heart of community—living a big, rich life filled with purpose, joy, connections, and opportunities. We support people one-to-one or to share supports with one or more other people living with disability.

The BELLES began as a fun and creative idea for four ladies living with disability to share supports.

It quickly turned into a festive powerhouse. Forming their own micro-enterprise, their workspace became a whirlwind of ideas, creativity, and teamwork.
